

hello! my name is

**cuddlepot
for adoption**

TINA

age: 4 yrs

sex: FEMALE

desexed: YES

a little about me

- Tina is a bouncy, quirky, loving, affectionate and energetic girl. Tina loves making the most of every day and bringing fun wherever she goes but also loves being lazy when a bed is available.
- She is a true people-lover who happily seeks pats and affection from everyone she meets.
- She is playful and cuddly, with a special love for stuffed toys that she enjoys throwing around. She loves zoomies, exploring new places, and water, making her a fantastic little adventurer.
- Generally, walks on a loose lead but can pull when an interesting scent catches her attention. She is easily distracted by the exciting world around her and enjoys stopping to investigate everything.
- Tina gets along well with other greyhounds and is still learning how to greet & interact with other breeds politely. Sometimes she is a little too enthusiastic meeting another dog and is rude upsetting the other dog.
- Children aged 5+
- No cats or pocket pets
- Small to large backyard where she can enjoy zoomies, playtime and exploration.
- Suited as an only dog or with a medium to large canine companion
